

Equity Reflections – How Can We Improve Chances for All?

Taking Action for Fairness

Choose one way to apply what you learned:

- **Health Equity Poster** → Use charts or infographics to show differences in health outcomes and propose solutions.
- **Community Care Project** → Support a school or neighborhood health drive or share information about local clinics.
- **Math + Data Challenge** → Research local or national health data, calculate probabilities, and discuss how the results reflect fairness.

My choice is: _____

What I will do this week is: _____

Creative Box

✎ Draw or sketch an idea here:

- A **probability tree** showing two groups and their chances of different outcomes.
- OR a **community clinic** where everyone receives fair, equal, and quality care.

Anchor Quote

“Healing and fairness belong together—true health means everyone has access to care.”
— *Equity in Numbers Journal*

Instructions:

1. Copy the quote neatly on the lines below.
2. Highlight or underline the word(s) that mean the most to you.
3. Add a small drawing, border, or symbol that represents **health, fairness, or community care.**
