

Equity Reflections – How Does Density Affect Quality of Life

Taking Action for Fairness

Choose one way to apply what you learned:

- **Awareness Poster** → Show how apartment and home space differ and why that matters for fairness.
- **Community Research** → Investigate housing density in your city or neighborhood and share your findings.
- **Math Challenge** → Calculate and compare the volume of different housing types and discuss their impacts on family life.

My choice is: _____

What I will do this week is: _____

Creative Box

 Draw or sketch an idea here:

- A **tall apartment building and a single-family home**, showing volume and density differences.
- OR a **3D block model** comparing total space and number of families in each.

Anchor Quote

“Housing equity means creating communities where everyone has safe, comfortable, and dignified space to live.”

— *Equity in Numbers Journal*

Instructions:

1. Copy the quote neatly on the lines below.
2. Highlight or underline the word(s) that mean the most to you.
3. Add a small drawing, border, or symbol that represents **community, fairness, or housing equity.**
