

Equity Reflections – What Makes Neighborhoods Safe to Walk

Taking Action for Fairness

Choose one way to apply what you learned:

- **Neighborhood Walk Project** → Measure block perimeters in your community and note where access could improve.
- **Awareness Poster** → Show how shorter, safer blocks support fairness and health.
- **Classroom Map** → Design a model of a walkable neighborhood that includes equal access to parks, schools, and stores.

My choice is: _____

What I will do this week is: _____

Creative Box

 Draw or sketch an idea here:

- Two **blocks** with different perimeters showing walkability differences.
- OR a **map of a diverse community** where sidewalks, trees, and crosswalks support everyone's safety.

Anchor Quote

“Equitable community design means every person—no matter where they live—can move safely and freely within their neighborhood.”

— *Equity in Numbers Journal*

Instructions:

1. Copy the quote neatly on the lines below.
2. Highlight or underline the word(s) that mean the most to you.
3. Add a small drawing, border, or symbol that represents **safe, walkable community design**.
